

Hello Fellow Retirees and Anyone Listening

Let me reprint something that has been said and reprinted many times before.

I said nothing

Patriots in public service who refuse to lick President Trumps boost are being fired in a political purge. And so, the following parable from Europe during WWII seems appropriate at this time. The American version goes like this: When they came to take away the Jews, I wasn't Jewish, so I said nothing. When they came to take away the blacks, I wasn't black, so I said nothing. When they came to take away the Latino's, I wasn't Latino, so I said nothing. When they came to take away the Muslims, I wasn't Muslim, so I said nothing. When they came to take away the gays, I wasn't gay, so I said nothing. When they came to take away the resistance, I was afraid to speak up, so I said nothing. When they came to take away me and my loved ones, there was nobody left who would defend us.

So now let us look to the future, and that future is now. So, let us start our luncheons up again on March 24, at AL 's Steak in Joliet, I hope all our snowbirds are back by then, I'm looking forward to good conversation and lots of great BS. But during this month we have a lot of great retirees, that will celebrate their birthday this month.

So a giant Local 265 HAPPY BIRTHDAY goes out to Brother Bill Poole, Brother Terry Jennings , Brother Jack Lucaora, Brother Tom Newcom, Brother Allen Bloedorn, last but not least Brother Pat Conway. So from all of us to you HAPPY BIRTHDAY YOU GUYS! So let's welcome and wish a long and happy and healthy retirement to Brother.

So until the 24th at AL's let me leave you with theses few words. "In order to love who you are, you cannot hate the experiences that shaped you"

Yours Truly
