

## Looking for an Association Management Solution that works across your **ENTIRE** organization?

### Everywhere you are

**M<sup>3</sup>** leverages DRG's **TotalViewTechnology** which provides the distinct advantage of seeing and working with information across your entire association—real time! This level of information access allows for efficient and dependable support, strategic decision making, and accurate forecasting.

### A Comprehensive Solution

**M<sup>3</sup>** provides extensive support for total contact management, membership, events, e-commerce, referrals, communications, contributions, an integrated CMS, financials and much, much more.

### Total Website Integration

**M<sup>3</sup>** was designed to work with your current business activities by providing easy integration with your existing website. Events, Store Items, Memberships and much more are integrated with your existing website eliminating redundancy in data management and streamlining the way you run your business.
