It doesn't matter what political party you align with, the fact is there is only one Presidential candidate who has asked to visit our Union Hall...and he did it TWICE!

Brothers & Sisters,

The Political Action Committee is often asked about how we arrive at the decision to endorse a candidate. Our process begins with in person meetings to discuss their values and our agenda. We work to develop individual relationships, and consider how helpful current office holders are. As we were compiling this list, three issues came up that required us to call on our friends in office. We delayed our process until we were satisfied that they are working to support us.

It is that level of responsiveness that makes it so important we use this endorsed candidates list as we vote. 2019 was an excellent year for Locals 525 and 350 as our friends passed pro Union legislation that:

- Restored Union wages on school construction projects.
- Restored the right of Unions to negotiate construction agreements with public bodies.
- Mandated Union apprentices work on public works projects.
- Improved Prevailing Wage protections while decreasing worker misclassification.

This year we have a golden opportunity to build on our success. We are working on legislation that will prohibit contractors from paying piece work, giving Union workers the advantage, and eliminating worker misclassification, ending the practice of other crafts doing piping work.

None of these successes happen without remaining united and voting as one. The officers and Political Action Committee of Local 525 encourage you and your family to vote, and to vote using this endorsed candidates list as a guide.

Thank you for your consideration,
The Local 525 Political Action Committee
